

## Missing Letters

Turn str into an array containing  
the corresponding numbers

```
let arr = [97, 99...]
```

```
let compareArr = [97, 98, 99...]
```

```
compareArr.find(elem => !arr.  
includes(elem))
```

```
String.fromCharCode(84,101,99,  
104,79,110,84,104,101,78,101,116)
```
